

## MaxSea

Working with us is being part of the world leader in software publishing for maritime navigation. Get into the development of products resulting from more than 30 years of innovation and a federating and ambitious vision for future. Aim for excellence collaborating with professionals from the United States, France and Spain. Share strong core values with the big community of the marine industry. And last but not least, enjoy a unique work environment and lifestyle in one of our 3 amazing geographical sites. Check out our job offers and join the team!

Our adventure started in the Spring of 1984. Brice Pryszo, Naval architect and computer enthusiast, buys the third Macintosh sold in France in order to develop the first marine navigation software in the world! Since then, we strive at making sea a better world, sustainable and safer for all marine activities.

**TIMEZERO software is now a world leader and equips all boat types in more than 75 countries:**

- **[TZ Navigator](#)** : the cutting edge software for recreational navigation, the world reference for nearly 30 years;
- **[TZ iBoat](#)** : the best marine navigation app for coastal sailing that revolutionizes the market by bringing a 3D display to navigators for the first time;
- **[TZ Professional](#)** : the latest generation of professional navigation software, world leader in professional fishing;
- **[TZ Coastal Monitoring](#)** : the first turnkey maritime surveillance solution used by the most demanding customers, integrating radars, video cameras and augmented reality;
- **[TZ Charts](#)** : the best provider for electronic nautical charts (navigation, coastal, seabed) over the world.

## Our group in terms of figures:

- 70 employees over 3 geographical sites: Portland (USA), Biarritz (France), Barcelona (Spain)
- Close to 10M of consolidated turnover
- Over 100.000 licenses sold
- Software available in 13 languages
- Since 2004, we work closely with [FURUNO](#), the world leader in marine electronics

## Marketing Trainee Offer

We are currently looking for a Marketing Trainee to join our Marketing team in our Barcelona office for a minimum of 6 months.

In order to become the successful applicant, you have completed at least 2 years of a bachelor's degree with a specialization in marketing. You have a strong interest in video production and a taste for operational marketing. You must be eager to learn and grow your marketing skills. You are enthusiastic, versatile, creative, proactive and organized.

Being part of the marketing team, you will have the following tasks:

- Managing a brand ambassador portfolio in order make the most of mutual inputs in terms of content production and brand visibility while providing TIMEZERO software solutions to support the ambassador's project.
- Creating a media partner portfolio with the same intent, while providing TIMEZERO software solutions to offer the best possible marine navigation and product testing experience.
- Drive marketing campaigns by designing, producing, translating webpages, social media content and documents such as guides, tutorials or success stories. All of this will be done using a range of tools including Hubspot, Wordpress, Canva, the Adobe Creative Suite and Final Cut Pro.
- Optimizing, introducing, producing, communications and tools to improve the lead and customer experience.
- Analysis and reporting of the performance of various campaigns.

### Desired Skills and Experience

- Strong interpersonal skills
- Adobe Creative Suite and Final Cut Pro
- Writing skills
- Discipline and organization
- Being familiar with marine navigation is a plus

This adventure tempts you? **we are waiting for you: join us!**

**Get on board ASAP!**
